

Materials:

- Halloween Masks Large or Small designs
- 2 pieces of tear away backing for each design
- Spray Adhesive
- Cord or thin piece of elastic
- Embroidery thread

Step 1:

First spray one piece of tear away backing with your spray adhesive.

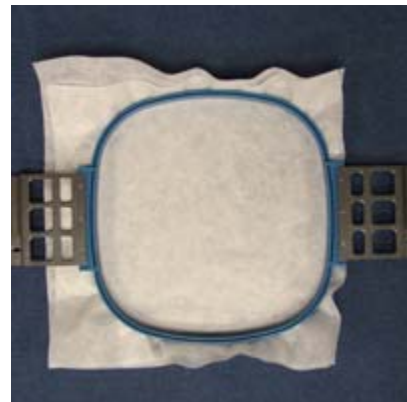

Step 2:

Place second piece of backing directly on top of the sprayed side of backing.

Step 3:

Hoop the 2 pieces of backing.

Step 4:

Embroider the entire design and then remove the design from the hoop.

Step 5:

Very carefully tear away the excess backing from around the mask, the eyes and cord holes.

Step 6:

Thread elastic cording through holes in mask but do not secure yet. You will want to hold the mask up to the person's head that will wear the mask and measure the correct length of elastic cording.

Step 7:
Now cut the cord to the correct
length

Step 8:
Then you will need to place a
secure knot in the cording.

Step 9:
Now you have your adorable
Halloween Mask ready for a night
of fun!

Thank you for your purchase.
