

Supplies:

Halloween Organza Scene Design(s)

Garment or apparel to embroider the design(s) on

Organza fabric

Fast drying fabric glue

Scissors

***When you open the design in your embroidery software you will not see the top of the design. It is actually underneath and will be embroidered first. See the instructions below.**

Step 1:

Hoop one piece of organza fabric.

We used green organza with this design and also black, purple, orange, green & grey on other designs in this pack.

Step 2:

Embroider the design until you reach the color stop that states:
"Stop Remove organza & hoop garment"

Garment refers to the apparel, bag, purse, etc.. that you are embroidering the design on.
on.

Step 3:

Un-hoop the organza fabric and cut the organza along the die/placement line.
Set this part of the design aside for now.

Go to Step 4.

Step 4:

Hoop the garment and begin to embroider the rest of the design. Stop when you reach "Stop lay down organza"

Step 5:

Place the organza piece within the die/placement line. Use a fast drying glue to tack the organza down to the bottom fabric.

Step 6:

Continue embroidering the rest of the design, which will tack the organza down to the bottom layer with the outer satin border.

Completed Design

Thank you for your purchase.
