

## HAPPY THANKSGIVING!

Thanksgiving is a time when people gather to give thanks for all of the wonderful things that have happened in the last year. It is also a time to enjoy a variety of delicious foods around a festive table.

This table runner features embroidery designs from the “My First Thanksgiving Design Pack”. There are cute Pilgrims and Native Americans gathering together for their very first Thanksgiving Feast.

I hope you enjoy creating this unique table runner for you and your guest to enjoy at Thanksgiving.

### Table Runner Materials:

72” table runner

1 piece of twill 72” long by 13” wide for the top (unfinished)  
1 piece of broadcloth 76” long by 17” wide for the bottom (unfinished)  
Thread to match top and bottom fabric  
Seam ripper

90” table runner

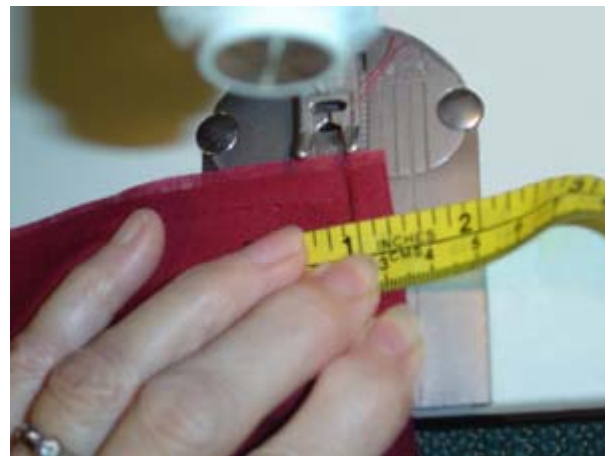

1 piece of twill 90” long by 13” wide for the top (unfinished)  
1 piece of broadcloth 96” long by 17” wide for the bottom (unfinished)  
Thread to match top and bottom fabric  
Seam ripper

Directions:

1. Cut fabric to the desired table size.
2. On the bottom fabric sew a row of stitching  $\frac{1}{4}$ " from the raw edge around all four edges of the fabric.
3. Double fold your fabric using the  $\frac{1}{4}$ " stitching as your guide line and sew a  $\frac{1}{4}$ " hem around the entire piece of fabric.
4. On the top fabric sew a row of stitching  $\frac{3}{4}$ " from the raw edge around all four edges of the fabric. Then sew a second row of stitching right next to the first row of stitches.
5. With a seam ripper pull threads until you get to your stitching line. This creates a frayed edge around the length and the width of your runner.
